## Regulation (EC) No. 1907/2006 (REACH regulation),

Ostfildern, March 2nd, 2020

Dear Sirs and Madames,

As a manufacturer of articles whose ingredients, depending on the product, fall under the current European chemical's regulation, we hereby comply with our duty to provide information on SVHC substances in articles in accordance with Article 33 (1907/2006 REACH). Relevant here are substances from the REACH candidate list with a concentration of more than 0.1 percent by mass.

With this letter we would like to inform you that according to our current state of knowledge and based on information from our suppliers, the above-mentioned regulation is observed for the products delivered to you.

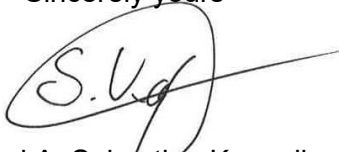

Based on information from our suppliers, our products currently do not contain any substances above 0.1% by mass, which are listed in the 'Candidate List' according to Article 59 (1, 10) of Regulation (EC) No. 1907/2006 (REACH). The exception in our products is lead, which occurs in metal alloys in contents greater than 0.1 percent by mass.

To the best of our knowledge, none of the "substances of very high concern" are present in our products. We hereby confirm that all Elektor airsystems gmbh products, with the exceptions known to us, comply with the REACH regulation.

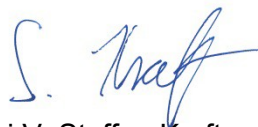

Under normal conditions of use, no chemicals are released from our products (see Art. 7 Para. 1 of the REACH Regulation).

If you have any questions or require information regarding the exceptions, please contact your contact person at Elektor airsystems gmbh.

Sincerely yours

i.A. Sebastian Kappeller  
Qualitätsmanager

i.V. Steffen Kraft  
Leiter Technology Center
